The problem

Kids need a beach towel that's gentle on delicate skin and doesn't hold sand. And wouldn't it be nice if it came with its own bag to carry other essentials too?

Norwex solution

Constructed of super-soft suede-like microfibre, our Beach Towel with Drawstring Bag is extra-absorbent, and sand easily shakes out of it. It also comes with a cute and functional drawstring bag to hold lots of beach-time must-haves.

Why it's better

- Save money since you don't need to wash the towel after each use
- Comes with carrying bag to store towel plus sunscreen, toys and more
- BacLock®*, our exclusive micro silver agent, protects the cloth by inhibiting odour in the cloth, which means it's ready to use again and again
- STANDARD 100 by OEKO-TEX® certified, this product and its components have been tested against a list of over 350 harmful substances and passed, enabling you to make responsible decisions for you and your family
