

# Hair Wrap

The lightweight Hair Wrap is perfect after a bath or shower to quickly absorb water from your hair. Less blow drying means less energy used, as well as healthier hair!

## limited-edition

Item #:  Nordic Blooms –E38102

70 cm x 26 cm

One size fits most

## The problem

Drying your hair can be time-consuming, especially when you're in a hurry. And over-drying hair can cause it to lose its luster, forming brittle split ends or even breaking. Plus, every minute you use your blow dryer increases your utility bill.

## Norwex solution

After washing your hair, wrap it in the absorbent Hair Wrap made of Norwex waffle-weave Microfibre. It saves you time and money, with less blow drying to damage your hair.

## Why it's better

- Quickly absorbs water from hair
- Your hair dries more quickly, with less blow drying
- Earth-friendly – each Hair Wrap is constructed using 3.33 recycled plastic bottles (500 ml)
- BacLock®, our exclusive micro silver agent, protects the cloth by inhibiting odour in the cloth, which means it's ready to use again and again

## What your customers will love

- Your head stays warm and cosy as your hair dries
- Easy to use; one size fits most
- Button and fabric loop keep Hair Wrap secure
- Perfect for anyone who normally uses a blow dryer
- Less blow drying keeps utility bills lower
- Less blow drying is better for the health and sheen of your hair
- Hair Wrap can be used daily
- Waffle-weave microfibre in exclusive, limited-edition floral print makes a beautiful addition to your self-care regimen
- A unique keepsake, it also makes a great gift

## How to use

- Place on head with button at back of neck
- Tuck hair in, twist twice and loop over hair. Fasten button.
- Hang to dry after use
- For ultra-shiny, super-luxuriant hair, once a week apply a deep conditioner to wet hair and wrap it up in the Hair Wrap. After 20 minutes, remove Hair Wrap and rinse conditioner out.

## Caring for microfibre

Wash dirty microfibre with a Norwex laundry detergent and avoid bleach, fabric softeners and dryer sheets.

## Did you know

- The natural capillary action of the Hair Wrap's microfibre quickly draws in moisture, with no rubbing needed. And because there is little to no need for a hair dryer, the chance of your hair being damaged by heat is significantly reduced.
- If you use a 1500-watt hair dryer 10 minutes a day, at 10 cents per kilowatt hour, your utility bill will increase by approximately \$9 per year
