

live cleaner, safer, better.™

NEW ZEALAND 2025/26

If we had the knowledge and choice, I don't think we'd expose ourselves to harmful chemicals. We don't need to compromise the way we're living our lives.

– Beate Hjeltnes

With love, from Norway

When my father founded Norwex in 1994, he was driven by his love of nature, fresh air and clean water here in Norway. You could find him hiking in the mountains, on his bike or sitting around a bonfire with family and friends. He was driven by nature and the power of water, and he combined that with the simplicity of cleaning with just water (and microfibre).

Now, over 30 years later, as the second generation leading Norwex and with three kids of my own, I'm more committed than ever to continue his legacy and dreams by protecting our homes, our families and our planet by reducing the use of harmful chemicals and single-use waste that are such a part of life today.

I also know families and people are busy today so, together with my product team, I focus on developing products that make your everyday life easier while providing solutions that work. In fact, I'm definitely in it for the long haul, driven by my passions:

- **Love of family** – By reducing harmful chemicals and single-use waste in our homes, families can save time and money for more important things
- **Love of people** – Treating each other with integrity, trust, respect and kindness ultimately helps everyone succeed
- **Love of nature** – By coming together to make the planet cleaner and safer, we help instill a deeper respect for nature across all generations

As you explore this catalogue, I invite you to discover all the ways Norwex can help you live cleaner, safer, better by reducing chemicals and waste in your home.

Norwex. Live cleaner, safer, better.

Beate Hjeltnes,
Norwex Chief Executive Officer and Chairperson of the Board

Together we can change the world

It starts with our everyday choices –
those small steps we can all take to
reduce chemicals and waste. Make the
choice to live cleaner, safer, better –
The Norwegian Way.

home – it's about a simpler, more natural and sustainable way of living, free of unnecessary
toxins and waste.

Why Norwex is cleaner and safer

ENZYME- & PROBIOTIC-BASED CLEANERS

Many of our household cleaning products are enzyme- or probiotic-based. These natural ingredients not only work quickly and effectively to break down soils, stains and odours, they're free from harmful chemicals, making them safer for your family and the environment.

USDA CERTIFIED BIOBASED

USDA Biobased Certification indicates that a significant percentage of the product is derived from plants and other renewable agriculture, marine and forestry materials. To date, 32 of our products (and counting) have earned this high-profile recognition.

STANDARD 100 BY OEKO-TEX®

When you see **OEKO-TEX®** you can be sure that every component – from yarn and dyes to trim and label – has been certified free from harmful substances.

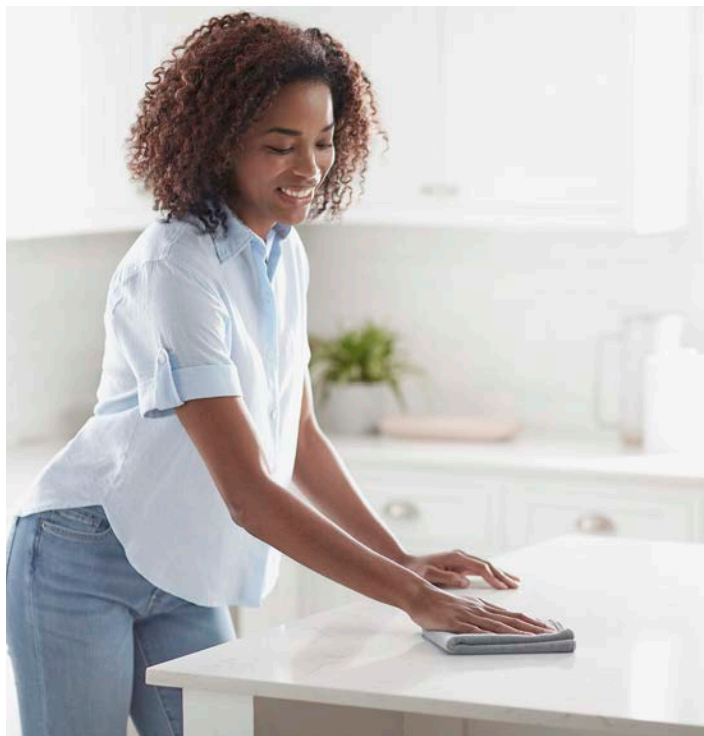

www.norwex.nz

By reducing harmful chemicals in our everyday lives, we share a cleaner, safer way of living. For our homes, our families and our planet.

ENVIRONMENTAL WORKING GROUP

EWG Verified® certification is reserved for products that meet EWG's strictest standards for safety, ingredient transparency and sustainability. This ensures they're free from harmful chemicals and have undergone a rigorous review process.

DISCOVER NORWEX

Now more than ever, people are looking for ways to save.

Save Money

The average family spends almost \$600 a year on cleaning supplies. But our versatile, high-quality products do more and last longer so you can spend less.

Save Time

With no more lugging around buckets or switching cleaners for every project, you'll have more time for what matters most.

Save the Environment

Banish harmful, chemical-laden cleaners and single-use disposables like paper towels, floor pads and wipes for a cleaner planet and a healthier home.

All Norwex Microfibre products carry a two-year warranty. For details please visit: <https://norwexbiz.nz/the-norwex-guarantee/>

Denotes products containing up to 91% recycled content. They've saved millions of plastic bottles from landfill.

BacLock®, our antimicrobial agent, **inhibits odour in the cloth**, so it's ready to use again and again which means you launder less.

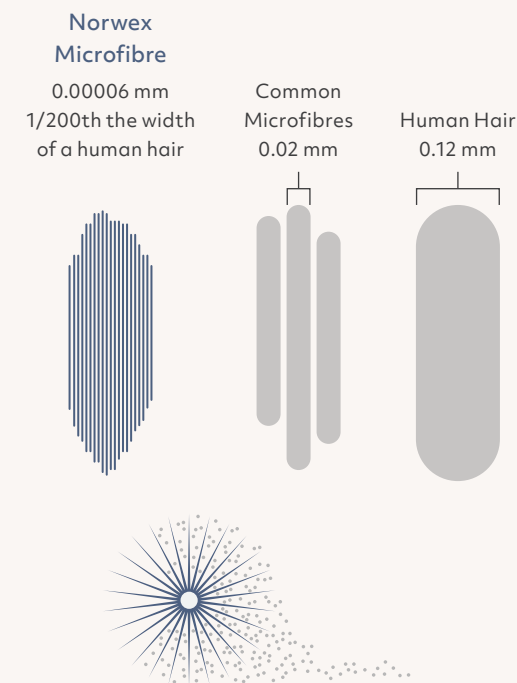

THE NORWEX MICROFIBRE DIFFERENCE

Incredibly dense.
Impressively powerful.

Instead of using harmful chemical cleaners, our densely woven Norwex Microfibre uses mechanical cleaning with water alone.

Superfine fibres
are the secret

Physically removes dirt and up to 99% of bacteria from surfaces with water alone.**

Ultra-thick and absorbent
to pick up and hold more dust, dirt and debris than other cleaning cloths

Absorbs up to 7 times its weight in water

When used dry to dust, the **electrostatic charge** within the cloth picks up and holds everything

Visit our Microfibre Product Science page to learn more about what makes Norwex Microfibre different.

* BacLock® This graphic is noted throughout the catalogue to differentiate those products that contain BacLock®, an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odour-causing bacteria, mould and mildew. BacLock® does not protect people from disease-causing pathogens. **When following proper care and use instructions. IMPORTANT NOTE: Some surfaces and finishes can be easily damaged. Please always test Norwex Microfibre on an inconspicuous spot first. Do not use microfibre (except Norwex Optic Scarf) on anti-glare surfaces. For complete microfibre care and use instructions, visit www.norwex.nz/microfibre-care-use.

What's on your floors?

"Mopping" shouldn't mean coating your floors in harmful chemicals or filling landfills with expensive single-use cleaning pads.

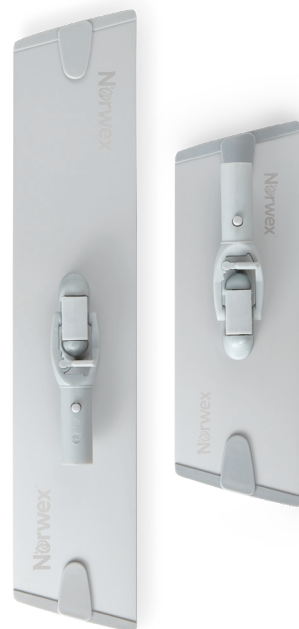

A Norwex Mop Kit and a little water is a simpler, better way to keep things clean for your family – and the planet.

A step up from the rest

- **Recycled:** Up to 82% recycled microfibre yarn in our Mop Pads helps keep plastic bottles out of landfills
- **Save money:** Super-durable mop pads, base and handle last for years, saving you money over single-use pads and cleaning solutions
- **Water only:** Densely woven, superfine Norwex Microfibre physically removes up to 99% of bacteria from a surface using only water when following proper care and use instructions

Show your floors some love.
