

July 2026 Month in Focus

Theme: Winter Wellness + Plastic Free

Our Winter Wellness theme focuses on the things that matter most at this time of year. With more time spent indoors, it's about helping customers manage germs, improve indoor air quality, refresh their laundry routines, and create a space that feels warm, calm and cared for.

This is also the perfect moment to lean into Plastic Free July — showing how simple swaps and reusable solutions don't just support the planet, but also contribute to a healthier home environment overall.
